Beautiful Accessories – Carrie Mickey - contact info beautifulaccessories78@gmail.com

In my work I design and make clothing by combining multiple fabrics using a serger. Often by design I leave the seam of the serger exposed for added texture and definition between materials. The combination of multiple fabrics and exposed seams in my designs make my work resemble stain glass or be wearable art!

Painter of unique, highly-textured and vibrant flowers on canvas.
Denise Cassidy Wood Fine Art.

I have found great passion in creating the colors and textures which eventually bloom into a bold, vibrant flower. Over the past 14 years, it has my mission to spread joy and healing with my artwork. DCW Inspired, a collection

of handbags, accessories and gifts inspired by my original artwork was launched in 2019 as a 'wearable' version of my floral creations. A portion of all proceeds from this accessories collection are given back to the community to support the arts.
